HDMI x2

Create the big screen experience at home for movies, sports and gaming with this affordable and easy-to-use 4K PRO-UHD[1] projector.

This 4K PRO-UHD[1] projector delivers high-end features at an affordable price. You can enjoy the latest 4K content, with superior image quality and a display that reaches up to 500". Lining up the picture is effortless using lens shift, optical zoom and keystone correction. Enjoy 4K content, and connect streaming devices, Blu-ray players, game consoles and more via the HDMI ports.

4K PRO-UHD[1] for superior image quality
Experience bright, vivid colours with this affordable 4K PRO-UHD[1] projector. By delivering an equally high White and Colour Light Output of 3,000 lumens, it achieves both a high brightness and intense colours. The high contrast ratio of 40,000:1 delivers deep blacks and clearly defined shadows, and the frame interpolation gives sharper fast-moving images.
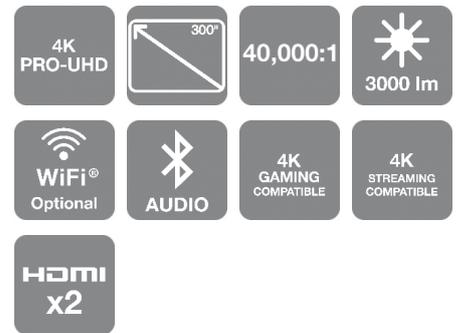

Big screen experience
Feel immersed in your home entertainment with an engaging big screen experience. This projector can create a display size up to 500", can play 2D and 3D content, and boasts noise cancelling technology. Lens shift, zoom and keystone correction ensure that your picture is exactly where you want it to be.

Smart connectivity solutions
Plug and play 4K content simply by inserting a streaming device in the back of the projector so it's ready to go at a moment's notice. You can also display 4K content from a games console, set-top box, Blu-ray player, tablet or other device via the two HDMI ports. Connect sound bars wirelessly via Bluetooth.

	Improper installation of the projector on a ceiling or wall may cause it to fall, leading to potential injury or damage. To prevent this, ensure the ceiling mount is securely fastened using all mounting points specified in the projector's user guide which is available to download from our support website (www.epson.eu/support). We recommend the use of Epson-approved ceiling mounts that are compatible with the projector model. Additionally, attach a safety wire of adequate strength to secure the projector to the ceiling mount.
	If the projector is suspended from a ceiling or wall mount and installed in an environment with heavy oil smoke or places where oils or chemicals are volatilized, places where a lot of smoke or bubbles are used for event staging, or where aroma oils are frequently burned, it can make certain parts of our products susceptible to a material degradation which over time could break and cause the projector to drop from the ceiling.
	We recommend that the equipment be inspected on a regular basis, either by the user or by a qualified professional, to ensure continued safe operation.
	If you are concerned about the environment in which your projector is installed, or if you have any other questions, please contact our support department and they can provide additional assistance.
