

Overview

Introduction

The HP Keyed Cable Lock is designed to be used with industry standard lock slots like the type found on a laptop, docking station, desktop PC, flat panel display, printer or projector. Secure your valuable IT hardware with this lock that consists of a 6.00' (1.83 m) vinyl-coated, galvanized aircraft-grade steel cable that loops around any secure object and then attaches to the computer or device you want to lock. The lock features a push-button locking mechanism and a unique key (including a spare key) to unlock the cable. A small Velcro strap is also included to help manage or adjust the length of the cable as you place and use it.

HP Keyed Cable Lock for Business Laptops and Desktops

Model

HP Keyed Cable Lock for Business Laptops and Desktops

BV411AA

Key Benefits

- Use the HP Keyed Cable Lock with your laptop, PC, or computing accessory
- Lock and unlock the locking mechanism with a key that is unique to the lock
- Swivel and adjust the cable 360 degrees to wherever you need to use it
- Store away the extra key – always have a spare

NOTE: HP Security Cable locks are designed, tested, and proven to be an economical and effective deterrent to help prevent opportunistic theft. While HP Security Cable locks help protect supported computer equipment from theft, they are not designed to provide impervious protection and should not be relied on as the sole security solution for your equipment. HP Security Cable locks are only one of several methods that should be employed as part of a complete security solution to help maximize theft protection.

Compatibility

The HP Keyed Cable Lock is compatible with all computer equipment with an industry standard lock slot.

NOTE: Not all products available in all regions.
