## Features and benefits

### Mobility

- **Cost-effective:** provides cost-effective power distribution for wireless LAN (WLAN) access point installations where a multiport Power over Ethernet (PoE) switch is not needed
- **IEEE 802.11n ready:** Gigabit Ethernet data transmission supports the entire line of HP E-series access points, including the three spatial stream IEEE 802.11n HP E-MSM460/MSM466 Access Points

### Warranty and support

- **Warranty:** one-year hardware limited warranty with next-business-day advance replacement (available in most countries); warranty extensions are available.
  - **Electronic and telephone support:** limited electronic and telephone support is available from HP. Refer to the HP Web site at [www.hp.com/networking/support](http://www.hp.com/networking/support) for details on the support provided and the period during which support is available.
